# Good Connectivity

- Cologne Bonn Airport (CNG) is the international airport of Germany's fourth-largest city Cologne, and also serves Bonn, former capital of West Germany.
- Cologne Bonn airport is only 49 km (30 mi) south of larger Düsseldorf Airport, the main airport of Rhine-Ruhr, and also competes with Frankfurt Airport, Germany's major international airport, which can be reached from Cologne within 47 minutes by the ICE high-speed train.

- **Train**

Platforms at Cologne/Bonn Airport station

Cologne/Bonn Airport station is a 4-track railway station on a loop off the Cologne–Frankfurt high-speed line that connects Cologne Bonn Airport to long-distance trains at least once an hour per direction, most of them ICE services. The station lies directly across both terminals under a large glass roof and features direct connections to the basement of Terminal 2 as well as the check-in area at Terminal 1-C. The S-Bahn line S 13 as well as regional train line RE 6 connects the airport station with Minden (Westf), via Cologne Main Station, Neuss Main Station and Düsseldorf Main Station with an hourly frequency. RB 27 also stops here and continue to Cologne and Mönchengladbach or Bonn-Beuel and Koblenz.

- **Car/ taxi**

The airport has its own exit (named Flughafen) on motorway A59 which links it to the city centres of Bonn as well as the Ruhrgebiet.[41]

- **Bus**

Local bus lines also connect the airport with Cologne (route 161) and Bonn (route SB60). On 28 October 2015, a new coach terminal opened and is used for remote bus services to other German cities and many other European countries.

# Location - Bonn

- The Federal city of Bonn is a city on the banks of the Rhine in the German state of North Rhine-Westphalia, with a population of over 300,000. About 24 km (15 mi) south-southeast of Cologne, Bonn is in the southernmost part of the Rhine-Ruhr region, Germany's largest metropolitan area, with over 11 million inhabitants. It is famously known as the birthplace of Ludwig Van Beethoven in 1770. He spent his childhood and teenage years in Bonn.
- Founded in the 1st century BC as a Roman settlement, Bonn is one of Germany's oldest cities. From 1597 to 1794, Bonn was the capital of the Electorate of Cologne, and residence of the Archbishops and Prince-electors of Cologne. From 1949 to 1990, Bonn was the capital of West Germany, and Germany's present constitution, the Basic Law, was declared in the city in 1949. The era when Bonn served as the capital of West Germany is referred to by historians as the Bonn Republic. From 1990 to 1999, Bonn served as the seat of government – but no longer capital – of reunited Germany.
- Because of a political compromise following the reunification, the German federal government maintains a substantial presence in Bonn. Roughly a third of all ministerial jobs are located in Bonn as of 2019, and the city is considered a second, unofficial, capital of the country. Bonn is the secondary seat of the President, the Chancellor, the Bundesrat and the primary seat of six federal government ministries and twenty federal authorities. The title of Federal City (German: Bundesstadt) reflects its important political status within Germany.
